## SELECT ShingleMaster™

Superior knowledge combined with superior products is what makes the SureStart PLUS 5-STAR Warranty possible. That's why only a CertainTeed Select ShingleMaster is authorized to offer a SureStart PLUS 5-STAR Warranty.

Earning our highest-level credential involves a rigorous process, including several significant educational and accreditation steps.

### SELECT ShingleMaster requirements:

#### Well Qualified and Knowledgeable

- Through testing and regular re-accreditation, all SureStart PLUS 5-STAR Warranty supervisors and at least 50 percent of the company's installers are Master Shingle Applicators™ (MSAs).
- Information from the CertainTeed Shingle Applicator's Manual provides instruction to MSAs, making them some of the most knowledgeable roofing installers in the industry.
- One or more company employees have earned the Shingle Quality Specialist™ designation after passing a test on the CertainTeed Shingle Technology Manual, which proves their knowledge of shingle products, quality standards and satisfying customer objectives.

#### Insured and Established

- The SELECT ShingleMaster must carry worker's compensation insurance, as required by law, and liability insurance covering roofing. This coverage is critical for the customer protection we insist on.
- The company must have been in business for a minimum of five years or have held another CertainTeed credential for at least one year, or have prior industry experience that CertainTeed considers a comparable qualification.

#### Non-Prorated Protection and Transferable

- Replacement coverage of material and labor is not prorated or otherwise reduced. This means the coverage remains constant for the full term of the 5-STAR Warranty.
- The workmanship of the SELECT ShingleMaster is warranted for 25 years of non-prorated coverage.
- This unparalleled coverage is transferable to the first subsequent owner for 15 years from the installation date – 5 years longer than a typical warranty.

#### Ethical and Customer-Focused

- The SELECT ShingleMaster agrees to abide by a code of ethics that covers compliance with applicable laws, standards of workmanship, customer service and business administration.
- CertainTeed sends a Customer TrackRecord™ survey to measure the Select ShingleMaster's performance on SureStart PLUS roofing projects. The company must maintain a customer satisfaction rating of four or higher on a five-point scale.
- Contractors are rated on communication skills, professionalism, timeliness, responsiveness, workmanship, care put into the work and the overall satisfaction of you, the customer.
- By evaluating the contractor's performance, we can ensure SELECT ShingleMasters maintain the necessary skills to install the Integrity Roof System and satisfy their customers.

- This commitment to quality is what makes the SureStart PLUS 5-STAR Warranty possible.

“ A SELECT ShingleMaster™ is in the top 1% of his profession. ”

# Five-Star System

INTEGRITY ROOFING FROM INTEGRAL PRODUCTS

## Integrity Roof System™

A roof is only as strong as the sum of its parts. That's why our Integrity Roof System requires CertainTeed products. Add underlayment and accessory products to high-quality shingles, and you've got a complete roof system.

When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

### 1. WinterGuard®

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas, such as pipe penetration, chimneys, vertical walls, roof-to-wall junctions and eaves.

### 2. Roofers' Select®, Diamond Deck® or RoofRunner™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

### 3. Starter Shingles

Starter shingles are designed to work specifically with each different type of CertainTeed shingle for maximum performance. These shingles are installed along the roof eaves. Although not required, it is best practice to also install starter shingles at the rake edges of the roof.

### 4. CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business.

Flintlastic® roll roofing products are also available for flat roof areas.

### 5. CertainTeed Ridge Vents

Ridge Vents combined with sufficient intake vents, such as CertainTeed Intake Vents, are the most effective ventilation system.

### 6. Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

### Metal Flashings

In order to qualify for the SureStart PLUS 5-STAR Warranty, all metal flashings on the roof must be replaced, including step, sidewall, chimney, skylight flashing, etc.

## Only CertainTeed enhances your shingle warranty with the total assurance of SureStart™

CertainTeed offers a full line of shingles with warranty durations ranging from 20 years to lifetime limited for your assurance over the long term. Yet CertainTeed's exclusive SureStart™ protection offers even more. SureStart provides the best coverage you can get in the vital early years after your new roof has been installed. Here's how SureStart is different from any other coverage. In case of manufacturing defects in CertainTeed shingles during the applicable period, SureStart protection covers...

### 100% of materials

All shingles required to repair or replace the defective product will be provided free. No exceptions.

### 100% of labor

All labor required to repair defective shingles or apply new shingles to replace the defective shingles will be paid by CertainTeed, based on local fair market value for labor. Costs of flashings, metal work, tear-off and disposal are included for Grand Manor®, Carriage House®, Belmont®, Belmont® (Impact Resistant), Arcadia Shake®, Presidential Shake® TL (& AR), Landmark® TL (& AR), Presidential Shake® (& AR), Presidential Shake® (Impact Resistant), Presidential Solaris®, Highland Slate®, Highland Slate® (Impact Resistant), Landmark® Premium, NorthGate®, Landmark® Pro and Landmark Solaris®

### Without prorating the cost

Replacement coverage of material and labor is not prorated or otherwise reduced during the applicable SureStart period. The SureStart terms are effective for 3, 5 or 10 years based on the shingle (see SureStart chart).

### And SureStart protection can be transferred!

The CertainTeed warranty with SureStart protection can be transferred from the original consumer to the subsequent property owner during the SureStart period for the remaining duration of the warranty.

### SureStart PLUS Extended Warranty Protection for added peace of mind

When you choose an Integrity Roof System™ installed by a contractor who holds advanced credentials from CertainTeed, you have the opportunity to obtain additional levels of SureStart coverage. The chart on the back shows the benefits of each warranty extension option.
